

Code of Practice

Good Old-Fashioned Service is:

Making you feel welcome! The Station Waiting Room is somewhere you can relax while we fit, FAST!

Looking after your car too! Protecting it with quality seatcovers, wing covers and grille covers while we work.

Technically qualified staff inspecting your vehicle, and taking trouble to clearly explain their advice.

Examining the vehicle with you so that you can see the work required.

Providing a firm quotation which will be an ALL-inclusive price before we start work.

Using only the most knowledgeable technicians to fit fast - to FastFit standards!

Informing you right away if there are complications or delays.

The Station Manager inviting you to examine the finished work.
